

2017 SOUTH BAY F.O.R. VOLLEYBALL CLINIC

George Imamura started this clinic in 2001 to introduce the sport of volleyball to kids. This is an introductory clinic and should not be compared to club volleyball.

All coaches are volunteers – some are teenagers and young adults who participated as players in the clinic, pursued their love of volleyball, and are now playing in local high school, club, and college programs; we also have dedicated and experienced adults with volleyball coaching and/or playing experience from our local South Bay community that donate their valuable time too. Same aged co-ed groups normally practice together and kids enjoy exploring this sport with their friends! If at any time you feel your child should be moved to another level, then please let us know.

The 2017 South Bay F.O.R. Volleyball Clinic is an 8-week clinic held on Saturday evenings from June 3 through July 29, however there is no clinic on Saturday, July 1. **Please note that each session's age groups and the gym location are subject to change based on completed registrations and gym availability.** Please register early as space is limited. Players are registered in the order their paperwork and payments are received. Last year the clinic was full by the end of April!
